The Purpose of our UK Vision Trip

While I was a college student, God powerfully used international travel (to Nepal and Ecuador) and experience with different ministries there to give me a more kingdom shaped vision for His work in our world. Those experiences made me more hopeful, purposeful, and joyful, and led me to expect great things from God on the campus of Eastern Kentucky University. He works through experiences like this to help us see the world as he does - and that changes us forever!

I want you to prayerfully consider coming on this trip with me. I've designed it with you, the student leaders of RUF at Washington & Lee, in mind, and the trip is only open to current Servant Team members. I want to experience the beautiful scenery, fascinating history, vibrant cities, and compelling stories of Scotland and England with you, and come back to Washington & Lee with a larger shared imagination for how God might use us at Dubyuhnell.

Come with me!

Under the Mercy,
Willis
